

## SITE ACQUISITION

The superintendent of schools shall present to the Board of Directors a master site acquisition plan to meet the needs and purposes of the school district in future years.

The master site acquisition plan shall be subject to periodic review and updating. The administration may request the assistance of the school district architect, a real estate committee, the zoning commission, and any other urban planning organization in making the master site acquisition plan.

It shall be the responsibility of the Board of Directors to establish a priority calendar for the acquisition of various sites.

Elementary schools shall be centered, insofar as possible, within natural residential areas and located so that children do not have to cross main traffic arteries and railroads.

All provisions specified by the Code of Iowa shall be followed in negotiating for and acquiring sites.
